The Classic Turf Company specializes in the designing, building, and rebuilding of tennis courts, basketball courts, running tracks, artificial grass playing fields, and rubber tile flooring. The Classic Turf System is a patented and proven, all weather, indoor and outdoor, sports surface. It is composed of a prefabricated, recycled rubber (truck tires) that is installed and totally stabilized over a variety of new or existing surfaces such as asphalt, concrete, or wood.

Our goal is to provide our employees with an honest and helpful working environment where every employee individually and collectively can dedicate themselves to providing our customers with exceptional workmanship, extraordinary service, and professional integrity. Our continued research and development will ensure we deliver the best possible product available. Benefits of the Classic Turf System: crack free, safe and comfortable for players, lifetime warranty. Our services include: tennis courts, basketball courts, running and jogging tracks, artificial grass playing fields (soccer, football, baseball), rubber floor tiles (locker rooms, hockey rinks, work out rooms).
