Connecticut Conference
of Municipalities

collaborating for the common good

proudly presents the

8th Annual Municipal Excellence Awards

Each and every day, municipal officials throughout the state of Connecticut do outstanding work that promotes quality of life in our communities. Through both individual and team efforts, they make Connecticut towns and cities excellent places to live, work, and play.

CCM's Municipal Excellence Awards recognize innovative projects and individuals that have significantly improved the quality of life for citizens, established partnerships, and built community support. The competition applauds the achievements of leaders and municipalities and encourages others to strive for excellence.

Town/City Awards

EVALUATION

Entries will be evaluated by a panel of judges made up of CCM leaders past and present.

Evaluation of the award entries will include analysis of:

- Structure – how the project or program is planned, organized, administered, and clearly explained.
- Goals and results – how well did the program achieve its goals? Be sure to clearly state your objectives and accomplishments.
- Strengths and weaknesses – how well did you use your resources? Talk about your budget, any grants you received, and highlight any person-power behind your project.
- Applicability to other municipalities – can other cities or towns learn from your program and adapt your ideas to their community?

Excellence in local government can be defined in many ways. If your municipality has done one or more of the following, we encourage you to send in an entry:

- Improved the quality of a municipal service.
- Developed an effective or innovative way to solve an old or common problem. How did your city align strategy with resources, and manage your innovation effectively?
- Modified a program from another community or organization to fit your needs.
- Found a way to save your town money and achieve the same or better results.
- Involved citizens or other town staff in making a decision. How did you tap citizen ideas, capture volunteer energy, and promote engagement?

This is your chance for statewide recognition – from peers, colleagues, residents, and the media – for a job well done.

ELIGIBILITY FOR AWARDS

- **General Entry Awards** are divided into three population categories. Towns may submit an entry in their population category regardless of topic or service area.

20,000 and under

20,001 to 40,000

40,001 or more

- A single award will be presented in this year's **Topical Award** category, "**Innovation in Diversity, Equity, and Inclusion**". Towns of all sizes will compete against each other in this category.
- To be eligible, the subject of each entry must be a municipal-funded and/or municipal-administered project or program. Consider entering any project or program that was in place within the past two years. The project or program must have been initiated and/or implemented between December 2020 and December 2022. Towns may not enter the same project in both the population category and the topical category. No limit on entries per town or city; however, you must choose only one category per entry. **What can you enter for 2023?**

ENTRY PROCESS

WINNING ENTRIES

- A First Place prize will be awarded to the winner in each General Entry Award category. Winners are honored at CCM's Annual Convention in the fall and entries are featured throughout the year on CCM's website and in CT&C magazine. Each winning project will be awarded \$1,000 to be put toward its continued implementation and success.
- A single prize of \$1,000 will be given in the Topical Award category. Towns of all sizes will compete against each other in this category.
- If no entries in a given category meet judging standards, or if a category has few competitive entries, judges reserve the right to withhold an award in that category.
- Winning submissions will be notified in advance of the CCM Annual Convention, which is taking place on November 28, 2023 at Mohegan Sun, and will receive special recognition at the Convention.
