Resource Lighting & Energy, Inc. (RLE) provides turnkey solutions for LED Lighting and Lighting Control upgrades, from site assessment to incentive application and installation to warranty.

LED Lighting Upgrades

Upgrading your lighting fixtures to new LED's can significantly reduce your annual energy costs. Even replacing older LED lighting fixtures with newer LED technology can result in substantial energy savings. Contact us today to schedule a no-cost audit to discover how much you could save with our LED Lighting and Lighting Control upgrades!

Rebates & Incentives

Eversource CT has the best LED incentive program in the country. Don't miss out... with LED's becoming code, Eversource will stop incentivizing these projects starting in 2024.

Contact RLE today to schedule a no-cost energy audit and secure these incentive funds while they are still available!

Project Spotlight

City of Meriden

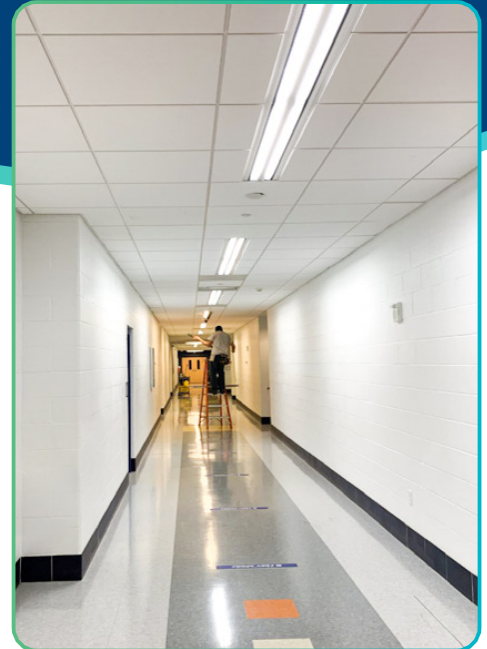

Annual Savings **\$706,028**
Incentive Savings **\$2.4M**
Energy Savings **2.87M kWh**
Project Payback **2 years**

Thomas Hooker ES: RLE's LED lighting upgrades improve learning environment.

RLE engineered and completed a three-phase overhaul of more than a dozen municipal buildings and city schools. In addition to LED lighting and control upgrades, RLE maximized utility incentive funding for the projects by installing new transformers, Variable Frequency Drives (VFDs) and control units in several locations.

Featured in Record-Journal's article "New energy conservation program projected to save Meriden \$7M" written by Matthew Zabierek August 22nd 2022.

Benefits of LED Lighting

Reduce energy costs

Long lifespan

No heat or UV emissions

Improve safety & productivity

Low Voltage Operation
