Resource Lighting & Energy, Inc. (RLE) provides comprehensive, turnkey solutions for mechanical system upgrades, from site assessment to incentive application and installation to warranty.

Our Upgrades Include...

Resource Lighting & Energy, Inc. (RLE) provides comprehensive, turnkey solutions for mechanical system upgrades. Some of our solutions include:

- Variable Refrigerant Flow (VRF) & Energy Recovery Ventilator (ERV)
- Boilers
- Chillers
- Rooftop units
- Air handler units
- Variable Frequency Drives (VFD's)
- Heating and cooling system pumps
- Split systems/heat pumps

Before (left) and after (right) RLE upgraded an outdated boiler system with a new, energy-efficient system.

Funding for Mechanical Upgrades

RLE works with Eversource to seamlessly install HVAC upgrades, while also securing the highest possible rebates and funding for your project. With Eversource's new program, **CT Municipalities qualify for up to \$5,000,000 in funding at 0% interest!**

Funding may be limited for future projects...so act fast. **Contact us today to schedule a no-cost HVAC assessment and secure these funds while they are still available!**
