Enhancing Municipal Compliance and Efficiency

Founded in 2008, ICSGroup is a compliance consulting firm that serves municipal and financial services industries. We help municipalities –

- Comply with administrative rules and regulations
- Develop ethics and governance programs
- Update and document practices and procedures
- Review contractor compliance with contract terms

ICSGroup is a certified minority- and woman-owned business enterprise.

RESOURCES

**Leadership**

**Experience**

**Supreme Food Supply**

Our Food Supply Division has 75 years of direct experience managing challenging logistics and strict guidelines tied to supplying contingency food deliveries for Federal, State and Local emergency events.

- "Real-Time" GPS Tracking
- 500 long haul trucks/trailers
- 200 refrigerated transport units
- Warehouse capacity of 1.5 million square feet
- 34,000 food items offered

**Supreme Disaster Recovery**

Our Disaster Recovery Division has over 30 years of experience in disaster recovery and debris management. We are financially well positioned to manage multiple contracts simultaneously.

- Debris Management (DMS) Collection & Hauling
- Reduction & Disposal
- FEMA Consulting
- Bonding Capacity to $150 Million

**Supreme Storm Services (SSS)**

provides a broad scope of products and services to federal, state and local authorities in the emergency preparedness and emergency response markets by successfully combining the experience, manpower and capital resources of industry leaders in the Disaster Recovery, Food Services and Food Supply markets.

CCM understands how meaningful professional development can be. Continuing education is not only important for your current position, but also to your career path. Under the advisement and direction from experienced staff at Trinity College, the Certified Connecticut Municipal Official (CCMO) was developed.

To be successful officials need special skills and knowledge, but they also must be competent in a variety of areas. By designing this program to focus on you, your organization and your community, we will help you achieve a standard of excellence.

Adjourn
A1  PIVOTAL LABOR CASES THAT WILL AFFECT THE PUBLIC SECTOR WORKPLACE IN 2016/17 AND BEYOND

Co-sponsored by the Connecticut Public Employers Labor Relations Association (ConnPELRA)

Room D

The workplace continues to change with new regulations, laws and interpretations of existing laws. Employers must keep up-to-date. The Panel will review: New legislation; New salary limits for exempt employees; Best practices managing situations involving transgender employees; and Best practices for telecommuting employees.

Moderator: Caroline Beitman, Director of Personnel, City of Meriden

Speakers: Lisa Banatoski Mehta, Partner, Shipman & Goodwin, LLP
          Mike Harrington, Attorney, Murtha Cullina, LLP

A2  IT’S LEGAL, BUT IS IT ETHICAL?

Co-sponsored by Murtha Cullina LLP

Room H

This conundrum that can plague officials - elected and appointed - in towns and cities of all sizes. You have the obligation to maintain public confidence in all governmental actions; and understanding all ethical dilemmas from a legal standpoint will help you better develop the skills and good judgment to recognize and avoid any type of potential conflicts of interest in your daily work situations. Local government officials honestly believe at times that they are not being unduly influenced by their personal stake in an issue. They may feel that their interest in the matter gives them special insight into the subject, but the appearance of conflicts of interest can undermine trust. Perceived conflicts make the public lose faith in the integrity of governmental decision-making processes. This workshop will center around a lively and interactive discussion regarding what conflicts of interest have to do with ethics and we will provide answers to some other tough questions; such as: can I accept gifts, and if so, from whom, when and what are my limitations? Can I hire a family member to work for the town if I am sure he or she is the right person for the job?

Moderator: Kevin Maloney, Dir. of Communications & Member Relations, CCM

Speakers: Kari Olson, Partner, Murtha Cullina LLP
          Joseph Schwartz, Associate, Murtha Cullina LLP
GRANTS: RESEARCHING, WRITING & MANAGING
Co-sponsored by CCM Municipal Consulting Services

Room I

This workshop will cover various topics such as: locating grant opportunities, writing the grant application, managing an awarded grant, and available grant writing resources.

**Moderator:** Andy Merola, Energy & Program Development Manager, CCM

**Speaker:** Diane Gedeo-Martin, President, The Write Source, LLC

CREATIVE WAYS TO COMMUNICATE WITH RESIDENTS

Room JK

Changes in technology and evolving resident expectations make effective communication more challenging than ever. But it also creates new opportunities for improving transparency and citizen engagement. Danbury Mayor, Mark Boughton, New Britain Mayor, Erin Stewart, and the Connecticut State Police Department seem to have figured it out. They will share their insights on the best uses of social media and websites, as well as traditional vehicles for getting out the messages your residents need and demand.

**Moderator:** Beth Scanlon, Program & Digital Media Manager, CCM

**Speakers:**
- Mark Boughton, Mayor, City of Danbury
- Erin Stewart, Mayor, City of New Britain
- Tyler Weerden, Trooper, CT State Police
**ELECTRONIC PAYMENT SOLUTIONS**  
*Co-sponsored by the Government Finance Officers Association of Connecticut (CT GFOA)*

**Room E**

Technology is changing the way municipalities accept and process payments. This session will provide municipal officials an overview of electronic payment options, including P-cards, e-payables, ACH payments, and digital payments. Learn about these solutions and how they can help your community.

**Moderator:** Richard Darling, Finance Director, Town of Weston; GFOA-CT President  
**Speakers:** Everette Glass, Director, Complex Digital Payment Solutions, Bank of America Merrill Lynch  
Mike Kavanaugh, SVP, Senior Payments Product Specialist, Bank of America Merrill Lynch

---

**FREEDOM OF INFORMATION ACT: UNDERSTANDING AND AVOIDING LIABILITY**  
*Co-sponsored by the Connecticut Interlocal Risk Management Agency (CIRMA)*

**Room FG**

Although the FOIA statutes were written to strike a balance between the need to achieve transparency in government operations and the need to protect the personal privacy of public sector employees, there are important legal issues that municipal and school leaders should understand to avoid liability. This presentation discusses the impact of FOIA on employment practices and personnel records management, as well as other potential liabilities, state statues, case law, and risk management best practices.

**Moderator:** Joey Barbera, Risk Manager Program Specialist, CIRMA  
**Speaker:** Thomas Hennick, Public Education Officer, Freedom of Information Commission
State and local budget troubles make it crucial that municipalities and state agencies work together. At this roundtable session, you’ll be able to have frank, direct dialogue with the leaders of key state agencies on issues of concern to towns and cities. Learn updates directly from State Commissioners on programs, processes, and emerging issues vital to your community. Be a part of the solution and help influence how state agencies can change to improve the State-Local Partnership.

Moderator: Ron Thomas, Deputy Director, CCM

Speakers: Catherine Smith, Commissioner, CT Dept. of Economic and Community Development
Rob Klee, Commissioner, CT Dept. of Energy and Environmental Protection
Melody Currey, Commissioner, CT Dept. of Administrative Services

Exhibit Hall Stage Presentations:

10:30-10:50 a.m.
Connecticut Microgrid Program – Round 3: Municipal Track

The Department of Energy and Environmental Protection (DEEP) launched the third round of the microgrid program in the fall of 2015. This presentation will discuss program improvements that make it easier and less expensive for municipal applicants to participate in the program. The program now has funding dedicated to Municipal Track projects. The Municipal Track is the application process for municipal applicants that do not have access to natural gas infrastructure or are unable to design a microgrid without using existing diesel emergency generators due to fiscal constraints.

2:30-2:50 p.m.
CONN-OSHA - How It Can Impact Your Town

Ken Tucker, Director of OSHA, leads a discussion covering CONN-OSHA vs Federal OSHA Jurisdictional concerns, the new CONN-OSHA Consultation Program, and the CONN-OSHA Record Keeping Program.
**B1**

**INFECTIOUS DISEASE OUTBREAK PREPARATION AND PLANNING**  
*Co-sponsored by American Integrity Restoration LLC*

*Room JK*

This session will cover how to prepare for and react to an outbreak of some current and common infectious diseases, such as MRSA, H1N1, Clostridium difficile (C. diff), and others. These outbreaks can disrupt facility activities, Emergency Medical Transport, public transportation, and other operations for days. The workshop will also involve internal and external communication.

**Moderator:** Brian West, Senior Research Analyst, CCM  
**Speakers:** Steve Weir, CEO, American Integrity Restoration  
Norris Gearhart, COO, TOMI Environmental Solutions, Inc.

---

**B2**

**DRUG ABUSE IS A REAL PROBLEM; DRUG TESTING IN ACCORDANCE TO CONNECTICUT LAW**  
*Co-sponsored by Gregory & Howe, Inc.*

*Room D*

Drug abuse is, unfortunately, an increasingly prevalent problem especially opiate (heroin) abuse. Why is this becoming a developing problem? What steps can be taken at the local level to help combat the issue? Is drug testing an option for employers? If so, what are the restrictions on drug testing in the state of Connecticut? Learn what you can do as local officials to help your employees and your community tackle the growing epidemic.

**Moderator:** Rudy Marconi, First Selectman, Ridgefield  
**Speaker:** George Howe, Jr., President, Gregory & Howe, Inc.
**Workshops Session B:**

**SUSTAINABLE COMMUNITIES**

*Co-sponsored by the Institute for Sustainable Energy at Eastern Connecticut State University*

**Room H**

Strong leadership is generating momentum to accelerate action on sustainability practices by Connecticut towns and cities. CCM’s Task Force on Sustainability, in partnership with the Institute for Sustainable Energy (ISE) at Eastern Connecticut State University, is designing a comprehensive framework to help towns and cities design and implement “sustainability” related projects. Sustainability reflects the intersection of three areas of concern to local governments: the economy, the environment, and the inclusion of social concerns. Join the conversation to learn about opportunities to leverage private, state, and corporate money into the development of a program that is strongly driven by municipal leaders.

**Moderator:** Randy Collins, Advocacy Manager, CCM

**Speaker:** Lynn Stoddard, Director, Institute for Sustainable Energy
Alex Beaudoin, Intergovernmental Affairs Specialist, City of Hartford
Betsy Paterson, former Mayor, Town of Mansfield
Kurt Miller, First Selectman, Town of Seymour

**HOW DO WE BUILD THAT? MUNICIPAL CONSTRUCTION PROJECTS**

*Co-sponsored by Public Purchasing Association of Connecticut (PPAC)*

**Room I**

Whether you’re in need of a school, town hall, community center, or public safety complex, construction is a complicated process that involves far more than simply building something. The Construction Institute, with experts in municipal construction projects, is excited to lead a panel discussion that will dive into some of the most important and often challenging aspects of your next municipal building project including: putting together the right team, permitting, funding reimbursement, estimating, public consensus, and construction delivery methods.

**Moderator:** Mark M. DuPre’, Vice President/Project Executive, STV/DPM

**Speakers:** E. Patricia Llodra, First Selectman, Newtown
Geralyn Hoerauf, Senior Project Manager, STV/DPM
Aaron Krueger, Project Manager, Consigli Construction Co., Inc.
Nancy Greenwald, Executive Director, Construction Institute
Jeff McElravy, Principal, Tecton Architects, PC
REGIONALIZATION OF MUNICIPAL SERVICES AND COLLECTIVE BARGAINING

Co-sponsored by Kainen, Escalera & McHale PC

Room E

This session will focus on the collective bargaining requirements related to the consolidation of municipal services, whether that occurs through regionalization or other operational changes that are designed to deliver public services more efficiently.

Patrick McHale is a labor lawyer representing public agencies in Connecticut and he will identify the collective bargaining implications of these decisions. He will provide practical suggestions for municipal leaders who are considering regionalization and share examples of where public agencies have been successful in accomplishing regionalization of services without violating rules governing collective bargaining.

Moderator: Daniel Giungi, Senior Legislative Associate, CCM
Speaker: Patrick McHale, Attorney, Kainen, Escalera & McHale, P.C.

NEW WORKERS’ COMPENSATION LEGISLATION FOR FILING OF FORM 30CS: AN IMPACT ON MUNICIPALITIES

Co-sponsored by the Connecticut Interlocal Risk Management Agency (CIRMA)

Room FG

Traditional 30Cs (31-294c – Notice of Claim) have been able to be served on your employer through any representative of the employer. This has been an issue for municipalities as there is a lack of continuity. Effective July 1, 2016, the new Workers’ Compensation legislation directs that Form 30Cs must be served upon the Town Clerk. This presentation discusses definition of notice, protocols for having appropriate back-up coverage, understanding of due process, and the limitation for purposes of service of the notice of claim for municipal employees, as well as the criticality for Town Clerks to become familiar with the protocol for handling a Form 30C or other notice requirements, including the handling of notice for Boards of Education, Regional School Districts, and Local Public Agencies.

Moderator: George Tammaro, Manager of Risk Management Services, CIRMA
Speaker: Colette Griffin, Partner, Howd & Ludorf, LLC
Mike Wampold, Senior Workers’ Compensation Claims Manager, CIRMA
THE 2016 STATE AND FEDERAL ELECTIONS: IMPLICATIONS FOR CONNECTICUT TOWNS AND CITIES

Room C

The 2016 Fall State & Federal Elections will have big implications for Connecticut’s towns and cities. On the state level, the continued fiscal crisis will impact significant issues like municipal aid, local revenue diversification efforts, state mandates, and regionalism. On the federal level, important matters like infrastructure funding, special education reimbursement, Community Development Block Grants, and education and environmental mandates will be impacted. Come to this workshop to get “hot-off-the-presses” analysis from experts about how the make-up of these two governmental partners will impact the local-state-federal relationship.

Moderator: Ron Thomas, Deputy Director, CCM

Speakers: Chris Keating, Capitol Bureau Chief, Hartford Courant
Carolyn Coleman, Senior Executive & Director of Advocacy, National League of Cities

MCS assists CCM members, their school districts and local public agencies with a full complement of essential services, including:
Grant writing and researching • RFP drafting • Project management
Operational reviews • Change implementation • Organizational studies
Strategic planning • Finance and budgeting • Purchasing
Facilities management • Temporary staffing

Contact Andy Merola: 203 498-3056, or amerola@ccm-ct.org for additional information.
C1 MUNICIPAL DATA AT YOUR FINGERTIPS
Co-sponsored by the Connecticut Data Collaborative

Room H

Curious about what businesses have formed in your town and region? Want to compare what your town has received from the state compared to other towns? See a demonstration on how to use ctdata.org and its various interactive tools to answer these questions and more.

Moderator: George Rafael, Director of Government Finance & Research, CCM
Speaker: Michelle Riordan-Nold, Executive Director, CT Data Collaborative

C2 CRITICAL CYBER SECURITY AND DATA PRIVACY ISSUES FOR MUNICIPALITIES
Co-sponsored by BlumShapiro and Pullman & Comley LLC

Room D

This workshop will provide an overview for municipal officials in all departments and functions on critical and emerging cyber protection, liability, and data privacy issues. It will cover a basic framework for data privacy obligations, ways to limit the budget impact of litigation, data loss, and systems reconstruction following cyber incidents – especially by way of insurance coverage and contractual provisions with vendors. It will provide information on emerging cyber threats and methods to deter them, and tips on planning to respond to a breach before it happens, for more effective and faster reaction. We will discuss: 1 - What Are Your Data Protection Responsibilities? 2 - Could You Be Liable for a Vendor's Breach? 3 - What Should You Do If Your Systems Are Hacked? 4 - What are Common Cyber Threats and Who Do They Target? 5 - What are Some Leading Practices to Deter Cyber Threats?

Moderator: AJ Birmingham, Research Analyst, CCM
Speaker: Jeff Ziplow, Partner, BlumShapiro
          Adam S. Mocciolo, Pullman & Comley, LLC
HOT TOPICS IN MUNICIPAL LAW

Co-sponsored by the Connecticut Association of Municipal Attorneys (CAMA)

Room C

Discover directly from municipal law experts about key legal issues faced today by municipalities, as well as potential challenges in the future. This workshop will provide an update on where CT stands with its regulation of Airbnb and the sharing economy. Hear directly from the Travel Technology Association on its take on regulating Airbnb. The City of Boston will also address how it has handled the trend.

Moderator: Robin L. Edwards, Assistant Corporation Counsel, City of Danbury

Speakers: Matthew Kiessling, Vice President, The Travel Technology Association
          Catherine Lizotte, Senior Assistant Corporation Counsel, City of Boston, Law Department

INVIGORATING COMMUNITIES & DOWNTOWNS

Co-sponsored by the Connecticut Economic Resource Center (CERC)

Room FG

CERC’s Vice President of Municipal Services, Courtney Hendricson, will give an in-depth look at revitalizing downtowns and communities from the perspective of increasing physical, social, and economic value. Using a visual slide deck illustrating real examples from CT towns and cities, she will talk about how to engage elected officials and key staff, in addition to the residents and businesses, to effectively implement economic development from the broadest strategic work to the smallest projects. The result will be an understanding of how a collaborative process can help towns understand who/what they want to be, what their businesses need, and where the gaps exist.

Moderator: Jackie Scotto, Training and Education Program Administrator, CCM

Speakers: Courtney Hendricson, VP of Municipal Services, Connecticut Economic Resource Center, Inc.
C5  WHAT IS YOUR COMMUNITY’S BRAND AND DOES IT MATTER?
Co-sponsored by Adams & Knight, Inc.

Room I

Branding remains a buzzword. You’re constantly being told it’s something you MUST do. But why? And how? This nuts and bolts session provides an overview of branding, along with alternative approaches and ideas. You’ll learn from seeing what works, and what doesn’t, as you cheer, jeer, and cringe at a broad range of examples and case studies. We’ll also take an honest look at where your community is in terms of your “brand” and what your options are for moving forward.

**Moderator:** Shari Fiveash, Director of Member Services, CCM

**Speaker:** Adams & Knight, Inc.

---

C6  MS4 101: WHAT YOU NEED TO KNOW ABOUT THE NEW MS4 GENERAL PERMIT
Co-sponsored by Tighe & Bond

Room JK

The Connecticut Department of Energy and Environmental Protection (DEEP) has approved a new and expanded Municipal Separate Storm Sewer System (MS4) General Permit which will become effective on July 1, 2017. The expanded MS4 permit includes new requirements in addition to expanding many of the existing requirements that municipalities will be required to meet. These changes include but are not limited to increased reporting and mapping requirements as well new requirements regarding illicit discharge, detection and elimination programs. The adoption of July 1, 2017 as the effective date for the updated permit was implemented to allow communities time to plan and allocate the resources that will be necessary to meet the additional requirements. Communities that subject to the requirements of the MS4 permit must complete their registration and submit an updated Stormwater Management Plan to DEEP no later than April 1, 2017. This workshop will provide an overview of Connecticut’s Updated MS4 General Permit, what the new requirements are, and what municipalities will need to do in order to ensure local compliance. Panelists will offer practical advice regarding legal, engineering, and planning requirements that local officials need to know in order to meet the requirements of MS4 General Permit.

**Moderator:** Randy Collins, Advocacy Manager, CCM

**Speakers:**
- Joe Canas, P.E., LEED AP, CFM, Project Manager, Tighe & Bond
- Lori Carriero, P.E., Project Manager, Tighe & Bond
- Andrea Gomes, Esq., Associate, Shipman & Goodwin, LLP

Collaboration Strategies to Address Efficiencies and Mandates

Co-sponsored by the What Will Our Children Lose Coalition

Room E

School districts and municipalities across the state have been using collaborative strategies to reduce the impact of fiscal constraints on educational programs for our children. With the recent reductions in state funding, the stage has been set for boards of education and municipalities to further expand their collaborative efforts to address operational efficiencies and mandates. Hear from members of the What Will Our Children Lose Coalition, which includes representatives of school boards, superintendents, school business officials, and principals, about successful strategies, overcoming obstacles, and measurable outcomes for existing initiatives as well as future opportunities. Background resources include the CASBO Shared Service Whitepaper (2016), Program Review and Investigations Committee Regional Cooperation report (2016), and a compilation of education mandates (2016). Come and share the experiences of your community and discuss strategies that will help you deal with the new reality.

Moderator: Patrice McCarthy, Deputy Director and General Counsel, CABE

Panelists: Paula Colen, Executive Director, EastConn
John Spang, Finance Director, Preston Public Schools & CASBO

Like most municipalities, you want grants, you need grants, but you’re not sure how to get grants.

Let us help.

For additional information, contact Andy Merola, (203) 498-3056 | amerola@ccm-ct.org.
Win a Prize!

CCM Past Presidents Trading Card Contest

Don’t forget! Stop by participating booths in the Murtha Law Exhibit Hall to pick up past presidents of CCM trading cards. Contributing exhibitors will have a sign designating them as a Trading Card Participant.

Attendees must collect all 50 cards to be guaranteed a prize. Each card has a number on the back to make collecting them easy. There are also other combinations of cards that could win you a prize. These include:

- Ladies of CCM (Collect all nine of the female past presidents)
- Cards 1-10 (Collect all of the past presidents from 1966-1977)
- Cards 11-22 (Collect all of the past presidents from 1978-1989)
- Cards 23-35 (Collect all of the past presidents from 1990-2002)
- Cards 38-50 (Collect all of the past presidents from 2005-today, plus the three executive directors)

Attendees are encouraged to trade with each other and participating booths, including CCM’s!

Winners will be selected and announced in the Murtha Law Exhibit Hall at 2:50 p.m. Card combinations must be turned in by 2:45 p.m. at the CCM Booth at the front of the Murtha Law Exhibit Hall.

Each card may only be used in one combination. Each participant may only win one prize. While odds may be increased by turning in multiple combinations, only one prize will be awarded per person.

### Connecticut Conference of Municipalities (CCM)

**Booth 301**

CCM is the state’s largest, nonpartisan organization of municipal leaders, representing towns and cities of all sizes from all corners of the state, with 162 member municipalities.

We come together for one common mission — to improve everyday life for every resident of Connecticut. We share best practices and objective research to help our local leaders govern wisely. We advocate at the state level for issues affecting local taxpayers. And we pool our buying power to negotiate more cost-effective services for our communities.

Stop by for some fun! Relax in our comfy lounge. Charge your phone. Take a photo. Meet our consultants. Representatives from our new Municipal Consulting Service will be on hand to discuss your consulting needs. And check out the new online Salary Survey while you’re there.

RESOURCES

LEADERSHIP

EXPERIENCE

SUPREME FOOD SUPPLY

Our Food Supply Division has 75 years of direct experience managing challenging logistics and strict guidelines tied to supplying contingency food deliveries for Federal, State and Local emergency events.

- “Real Time” GPS Tracking
- 500 long haul trucks/trailers
- 200 refrigerated transport units
- Warehouse capacity of 1.5 million square feet
- 34,000 food items offered

SUPREME DISASTER RECOVERY

Our Disaster Recovery Division has over 30 years of experience in disaster recovery and debris management. We are financially well positioned to manage multiple contracts simultaneously.

- Debris Management (DMS)
- Collection & Hauling
- Reduction & Disposal
- FEMA Consulting
- Bonding Capacity to $150 Million

160 YEARS OF COMBINED STRENGTH DELIVERING RESULTS IN TIMES OF NEED

SUPREME STORM SERVICES (SSS) provides a broad scope of products and services to federal, state and local authorities in the emergency preparedness and emergency response markets by successfully combining the experience, manpower and capital resources of industry leaders in the Disaster Recovery, Food Services and Food Supply markets.

SUPREME FOOD SERVICES

With 40+ years of experience our Food Services Division can mobilize under harsh conditions with 12-24 hours’ notice to establish a fully functional feeding operation to support four meals per day for groups up to 7500.

- Fully mobile equipped kitchens to prepare meals
- Mobile Refrigerator and Freezer trailers
- Generators to assist in electrical and lighting needs
- Complete Set-Up ... Multiple tents/tables/chairs
